

# Creating a review

There are two easy ways to create a review. Both will require you to first login to your existing student account or create a new account, under the tab 'My Studentpad' from the main screen, so we can identify you.

Please note a property does need to be registered with the University of Chichester in order for you to create a review.

## Route 1

If the property you want to review is currently being advertised then press the

 Write a Review »

button located in the property search results or property details page to begin the process. This will automatically populate step 1 of the review process with the correct property. Then follow the on screen instructions or you can follow the instructions below under 'creating the review'. If the property that you wish to review is not currently being advertising you can leave a review by following Route 2 below.

## Route 2

This route allows you to complete the review from your student account. Once logged in to your student account locate the reviews section from the main menu.

From here click the  Create A New Review button.

Step 1 of the review process will ask you to enter the property address. This is an intelligent search so simply start entering any part of the address and the system will present you with a list of properties available to review. Once the property is located follow the 'Creating the review' instructions below

If you do not have a student account go to My Studentpad and create an account then follow the instructions above.
